Dear Dr. Conway,

2010 Annual Performance Report

On behalf of the President of the African Development Bank Group I would like to thank you for your letter inviting the Bank to provide feedback on the Annual Performance Report 2010 prepared by the IHP+ Results Consortium.

The report provides useful information on achievements against the standard performance measures under review and constitutes a good basis for discussion regarding additional efforts required. It is also pleasing to see that progress is being registered on many fronts by both governments and development partners.

The Bank would like to suggest that for the preparation of future editions of the report, consideration be given to partnering more with domestic NGOs/CSOs and academic institutions in conducting the assessment. We believe that the involvement of such institutions, including relevant African Scientific Academies, would contribute to institutionalizing the assessment process and perfecting the quality and country relevance of the assessment, while also allowing for new avenues toward increased aid effectiveness to be explored.

Yours sincerely,
